

REMARKS

Applicants have considered the grounds for rejection in the Final Office Action dated April 17, 2006, which was later affirmed by the Board of Patent Appeals and Interferences in the Decision dated June 22, 2009, and Decision on Request for Rehearing dated September 16, 2009, submit that the presently pending claims are patentable over the prior art.

All of the previously pending claims 1-20 have been rejected, and the rejection of claims 1-20 was affirmed on appeal. Notwithstanding Applicants' strong belief that the grounds for the continued rejection of the previously pending claims was improper, Applicants have submitted the present amendment to clarify and more definitively distinguish Applicants' invention from the prior art upon which the previous rejections are based and in accordance with the reasons provided by the Board in the Decision on Request for Rehearing dated September 16, 2009.

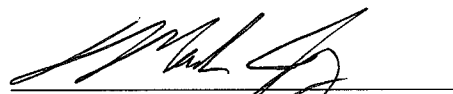

Applicants request favorable reconsideration of the previous rejection in view of Applicants' amendments and remarks.
